2. Alternative routes would be available for vehicles affected by the bans described in paragraph 1 above, via adjacent streets as indicated by traffic signs.

3. The bans would only apply at such times and to such extent as shall be indicated by the placing and covering of the appropriate traffic signs.

4. The Order would come into force on 12th April 2021 and it would continue for a maximum duration of 18 months or until the works have been completed, whichever is the sooner. In practice, it is anticipated that the road closures and ban on stopping and waiting and loading would apply at different times and in phases as the works progress along the roads concerned and it is anticipated that it will take between 2 and 9 weeks to complete the works in each road.
