

top 5 gadgets

1. Samsung Galaxy Active2 Smart Watch **£249**

The smart watch that's with you every step of the way, with automatic workout detection, a real-time coach and sleep tracking. A modern twist on a contemporary design. Discover the freedom to customise your watch face and a range of straps to fit your style. Automatically records walking, running, cycling, rowing, elliptical, dynamic and swimming workouts. Have the power to control what's important to you, with notifications, contactless payments and your favourite apps on your wrist.

2. Smart Outdoor Floodlight Camera **£179.99**

The EZVIZ LC1C is a security camera and outdoor floodlight in one amazing package, meeting your need for both security and night time illumination in the yard, driveway, and more. Motion detection alerts will trigger a notification to be sent to your smartphone via the EZVIZ app which brings attention to the event occurring from wherever you are. Featuring PIR human detection, the Floodlight sends an instant alert to you when a human is approaching, whilst activating the bright floodlight feature with a powerful 2500LM brightness.

3. HoMedics Gel Shiatsu Foot Massager **£129.99**

HoMedics Gel Shiatsu foot massager provides a softer and natural touch massage thanks to the gel nodes. The deep kneading shiatsu massage relaxes the tense muscles while the air compression with adjustable intensity relieves tired feet. With soothing heat that adds comfort to your feet.

4. Dyson Pure Cool Desk Air Purifier **£399.99**

The Dyson pure cool desk air purifier and fan automatically purifies a whole room and cools you. With three intelligent sensors, it automatically detects particles and gases in your room, then diagnoses and reports them on the LCD screen in real time. The fully-sealed 360 filter system combines an activated carbon filter to remove gases, and a glass HEPA filter that captures 99.95 per cent of microscopic allergens and pollutants. Using Air Multiplier™ technology, the machine projects over 290 litres of smooth, purified air per second for whole-room purification.

5. Pabobo Calm Ocean Musical Projector **£45**

The Pabobo Calm Ocean projects a beautiful submarine environment, mixing underwater effects and swimming fishes with a soft musical ambiance. Two expert pre-set sleep cycles are included to suit both calm and restless children. These cycles both have three phases of descending intensity to help captivate, soothe and finally lull your baby. The Baby Cry Sensor will automatically activate the ambiance projector if your baby wakes during the night. With a soft, star-shaped plush surround, this practical projector is easily washable.
