1. Nutribullet Juicer £99.99

Enjoy fresh, nutritious and delicious juice every day with Nutribullet Juicer. Fresh-made and nutrient packed juice for you and your family just got so much easier. The original and best-selling Nutribullet is known and loved by millions of people. Now, Nutribullet power and technology is available in an easy to use home juicer. Enjoy the taste and benefits of freshly squeezed juice every single day. Simply add your ingredients into the feed chute and twist the control dial for instant, silky smooth juice the whole family can enjoy.

2. Kinetik Non Contact Forehead Thermometer £49.99

The Kinetik Wellbeing Ear and Forehead infrared thermometer allows you to safely and easily measure temperature. It detects high body temperature to help identify illness, understand if fever reducing medication is required and also if that medication is taking an effect. Perfect for temperature checking as everything begins to open up and life starts to get back to normal. The Kinetik is easy to use with soft operation keys, this thermometer can take ear, forehead and ambient room temperature measurements in one second.

3. Portable Bubble Effect Machine £30

Ideal for use in stage shows, clubs, weddings, home parties, practically anywhere indoors. Producing bubbles for up to one hour and projecting bubbles up to two metres for that professional effect, this is the ideal party machine. The built-in carry handle also doubles as an adjustable hanging bracket. Great for post-lockdown parties as you reconnect with friends and family.

4. Philips Lumea IPL Hair Removal £439

Philips most powerful IPL yet, designed for your body's curves and easiest at home experience. The Lumea applies gentle pulses of light to the hair root, putting the follicle into a resting phase. As a consequence, the amount of hair your body grows gradually decreases. Treatment to prevent hair regrowth is safe and gentle, even on sensitive areas. Lumea's total body attachments are shaped to perfectly fit every curve and will adapt programs tailored to each body area.

5. Samsung Bluetooth Soundbar £549

Boost your home entertainment experience with this AI powered, Q-Symphony soundbar from Samsung. Connect the device to your TV and enjoy the ultimate immersive 3D sound experience. The wireless subwoofer provides plenty of power, whilst a dedicated built-in centre speaker provides crystal clear dialogue. Great for movies, music, and gaming. Samsung Q-Symphony works with compatible 2021 Samsung TVs, and allows the TV and the soundbar to work in harmony for a truly immersive sound experience. Not only that, but it does it without you having to run messy cables around your room.
