

ENVIRONMENT AGENCY

Advertisement of a Draft Determination: Viridor South London Limited

Application number: **EPR/GP3305LN/V003**

Proposed changes: The Operator applied to vary and consolidate the permits for Beddington Energy Recovery Facility EPR/GP3305LN and Beddington Waste Transfer Station EPR/JB3136RD, so that the two activities are regulated under a single Environmental Permit with the following changes;

- Variation of the main listed activity (S5.1 A1 (b) The incineration of non-hazardous waste in a waste incineration plant with a capacity of 3 tonnes per hour or more) to increase in the processing capacity of the ERF to 382,286 tonnes per annum

- Amendment to the locations of emission points S1, W1 and W2 to show their correct locations on the site plan

Add emission point A4 for the shredder associated with the waste transfer station activities

- Amend the waste transfer station permit from a standard rules permit SR2015 No10 to a bespoke permit including hazardous waste transfer station & non-hazardous waste transfer and treatment station activities

- Amend the European Waste Catalogue codes for the waste transfer station activity

- Amend improvement conditions 2 and 6 to mark them as complete

- Renaming site to "Beddington ERF and WTS" to better reflect activities undertaken onsite

Application type: Substantial variation and consolidation

Regulated facility address: Beddington Lane, Croydon, CR0 4TD

Local authority: London Borough of Sutton

Information placed in Citizen Space for consultation:

- Draft variation notice
- Draft decision document
- Schedule 5 Notice response dated 21/06/2023, including details on plant capacity and waste acceptance procedure
- Schedule 5 Notice response dated 25/05/2023, including greenhouse gas assessment, site condition report, site condition report supporting information, Fire Prevention Plan and emissions points layout plan.

End date for representations: 1 September 2023
